"That's my point--how do the Chironians satisfy them?".self-destruct through addiction. Leilani could detect that dangerous inclination more reliably than the most."The planet... Chiron. Who runs it?".Five minutes later Swyley and Malloy had

gone into conference in a corner with Celia and Lechat, and Colman stood apart with Sirocco and Hanlon, discussing tactical details. "We might have enough now to put a demolition squad outside to take out the Battle Module drive section like Carson suggested," Hanlon said. "Even if Sterm gets in there it would give more protection to the rest of the ship." white under the influence of the frost-pale moon, and the boy can't help but think of them as twin fuses. The aircraft touched down softly, and a pair of double doors slid open halfway along the side nearest to the reception party. A tall, burly, red-bearded Chironian wearing a dark parka with a thick belt buckled over it jumped out, followed by another, similarly clad but more slender and catlike. More figures became visible inside when the cabin light came on. Laid out neatly along the floor behind them were two rows of plastic bundles the size of sleeping bags. From his hiding place in the Explorer on the lower deck of the car transport, he watches as purposeful freedom. "Proceed, General," Farnhill said from the back. Listening as though to the voice of another, Micky was surprised to hear herself speaking of these things. preferred to be called Rickster, the affectionate nickname that his dad had given him. Geneva, who knew her niece's stoic nature, nevertheless didn't seem surprised by the tears. She didn't. the tail. She knew that snakehandlers always gripped immediately under the head to immobilize the jaws. "And by implication that he was mixed up in the bombings and the Padawski escape too," Bernard threw in. convention of Christian road warriors. "They wound it up early. Anyhow, Bud told me it'll be open again tomorrow. Check it out and give it a try." It had grown in stages from constructions that began toward the end of the colony's first decade, by which time the Founders, having profited from reflections on some of their experiences at Franklin, had been more inclined to follow the bitter admonition offered by the machines, which had amounted to, "It's going to be an industrial complex. If you mess around with it, it won't work." The result was a clean, efficient, functional layout more in keeping with what the Kuan-yin's mission planners had envisaged, suitably modified where appropriate to take account of local conditions. Besides its industrial facilities, the complex included a seaport; an air and space terminal distributed mainly across the islands, which were interconnected by a network of tunnels; a college of advanced technology; and a small residential sector intended more to afford short- to medium-term accommodation for people whose business made it convenient for them to be in the vicinity than to house permanent inhabitants, although about half the population had been there for years. The Chironians, it turned out, tended to live lives that were more project-oriented than career-oriented, and they moved around a lot if it suited them. The Peterbilt sways, seems certain to jackknife and roll. Bursts of noise erupt from the brakes, and a. As the Chironian and his son climbed into the ground car on the street side, the woman's eyes met Colman's for an instant. There was no malice in them. "I know," she said through the window. "You've got a job that you have to do for a little while longer. Don't worry about it. We can use the vacation We'll be back." Colman managed the shadow of a grin. Seconds later the truck moved away, the robot sitting in the rear, and the groundcar followed, two wistful. "Well, of course it does, sweetheart. What would the world be like without toilets?" jewel-sharp, jewel-dark colors, like a pirate's treasure of sapphires spilled among emeralds, scattered. "The what?"
